The mission of the Grapevine Police Department is to provide a safe community for our citizens, businesses, and visitors. We endeavor to provide the highest quality police services by applying the values identified on our Principle Compass.

The Principle Compass

When an organization has a map of its mission and a compass of its principles, it is empowered to understand the necessary direction to take in order to achieve its goals.

The Principle Compass will serve to guide the direction of the Department. It is comprised of the Four Guiding Principles. The “North and South” points of the compass indicate internal qualities (Integrity and Quality) or how one relates to oneself. The “East and West” (Equity and Dignity) points indicate external qualities or how one relates to others.
